Sign of the Times ...

There's a new look at the corner of Harvard and Summer Streets! St. Bernard's High School has recently acquired and installed an electronic sign thanks to the generosity of Class of 1978 alum Dr. Tim Babineau and his classmates. The sign has wireless programming and allows the school to easily communicate with the public regarding the different events going on at the school. Several alums including members of the Class of 1980 worked very hard to make the sign a reality giving generously of their time and talents. Reaction has been very positive to the new sign. The STB Parent Organization is looking to install a similar sign at the Activity Center to advertise sporting events taking place at the athletic facilities. If you would like to help with that effort, send an email to Bernardianfoundation@gmail.com

Bernardian Spotlight ...

STB Grads Shine on Professional Ice!

A 2008 STB graduate and UNH Wildcat hockey standout, Stevie Moses is currently in Russia playing with the Kontinental Hockey League. After college where he tallied ninety-eight points in four seasons and in his final year was honored as MVP, Stevie played first with the AHL's Connecticut Whale, a New York Rangers affiliate for the 2011-12 season. After this season being a free agent, he headed to Europe where he joined the KHL's Finnish team Jokerit. In his three seasons with Jokerit, Stevie made a name for himself setting a league record for goals in his 2014-15 season and caught the eye of the NHL's Nashville Predators.

Another STB hockey standout, Joe Caveney has found himself with the Pensacola Flyers of the Southern Professional Hockey League where he has won two President Cup Titles and the Rookie of the Year award. After high school Caveney played first at UMASS Lowell before transferring to Fitchburg State where he in his senior year was an All American Selection.

Justin Breton is one more STB grad who continues to impress in the professional hockey world. Justin played four years of varsity hockey at Bentley University boasting twenty-seven goals and thirty-one assists while earning a degree in economics and finance. Until recently he was skating for the Alaska Aces in Anchorage, scoring twenty-two goals and sixteen assists. His strong showing earned him a call to skate with the Winnipeg Jets AHL affiliate Manitoba Moose.

The Heart and Soul of STB ... Campus Ministry

While St. Bernard's High School offers its students a plethora of activities from athletics to drama to clubs, the heart and soul of all these is the Campus Ministry since it underscores what is written on the stone at the front of the school, "To Love One Another". Moderated by faculty members Maryann Raymond and Melissa Lesieur, Campus Ministry plans activities throughout the year that foster a sense of community within the school. Students involved in this organization plan the class retreats, prepare the monthly liturgies and do a variety of outreach programs that support the community at large. In the fall they helped to build a playground at St. Bernard's Elementary. For Thanksgiving they have prepared food baskets with the St. Vincent de Paul Society, and at Christmas

sponsored a month long Giving Tree and Toy Drive. During February vacation several students with two faculty members attended Camp Sunshine which is a camp for families who have children with serious illnesses. Here they served as camp counselors working in the kitchen, entertaining children and giving families a much needed special time together. During Lent the CM planned Reconciliation services for religion classes, attended the Chrism Mass at St. Paul's Cathedral and during Holy Week resurrected and adapted a Medieval Tenebrae Service, which recreates the emotional aspects of Jesus' suffering. Their dedication to the service of the school and community bears witness to the ideals of a Bernardian education.

One fine Bernardian!

NHS Drives to make a difference

Walk off win vs Cancer!

Here are three fine examples of the care, compassion and class that make a STB student special. Senior Tommy DeNault was awarded the Boston Bruins Sportsmanship Award with just a single penalty in three and half years of varsity hockey. The National Honor Society recently held a blood drive and collected twenty-four life saving units of blood. Finally, in what has become an annual tradition, the STB Baseball Team, coaches as well as other student athletes participated in the Pancreatic Cancer Walk/Run raising nearly \$2000 to battle the disease.

Lights! Camera! Action!

Congratulations to the St. Bernard's High School Drama Team who recently competed in the Massachusetts High School Drama Festival at Leominster High School. The team presented their play *War Letters* by J. Robert Wilkins. The team won several awards including one for lighting and a Best Actress Award for sophomore Kathryn Schatia pictured here bottom front. The team is directed by Jodi Sylvester. Congratulations!
